Help Spread the Word About Discounted Child Care and Virtual Learning Support

As a valuable community partner, we wanted to share with you an opportunity for families in the Johnson County community to receive significantly reduced rates on child care and virtual learning support programs.

Please forward the message below to your employees, community partners, friends and family. This is a great opportunity that is made possible because of the Johnson County Board of Commissioners which has awarded CARES Act funds to provide school-age remote learning and child care programs. The YMCA of Greater Kansas City has received a portion of these funds, which will allow us to provide full-day Y Learning Academy and Y Club Academy after school at discounted rates to families. We’re grateful to the county for supporting families with these funds, which will allow us to provide much-needed education support.

Funds will be available to families who live or work in Johnson County and attest to an annual adjusted gross household income of up to $150,000.

If you have questions or would like additional promotional materials, please let us know by responding to this email.
