

Johnson County Library offers an array of programs and resources to support your career development and financial well-being.

No matter which phase your career is in – whether you’re creating your first resume, exploring new career options, brushing up on your networking and interviewing skills, or expanding your certifications, you’ll find helpful resources on our **Career Development** webpage. This spring, we’re offering the **Careers Begin Here** series, featuring local organizations that offer career resources. Attend a live program or watch previously recorded programs on your own time through our **Online Programs Archive** or **Library OnDemand**.

Learning to successfully manage money is a lifelong process. Our **Personal Finance** and **Consumer Information** pages contain resources to help you learn to budget, manage your credit, plan for retirement and make wise purchasing decisions. You can also access previously recorded programs on topics ranging from improving your financial score to college planning and investing for retirement.

Additional resources are posted on the Career & Finance Board or Binder at your local branch.

Register for programs at [jocolibrary.org/events](http://jocolibrary.org/events) or call 913-826-4600.
